## Leghorn's Evergreen Nurseries

JOHN J. LEGHORN & SON, Props.

Geer Street, Cromwell, Conn.

Telephone Number — Middletown 2382-J1

Member American, New England, and Connecticut  
Association of Nurserymen

### TO THE TRADE:

**PACKING:** Net f.o.b. our shipping point. Packing charges extra. We make no charge for packing car lot orders in bulk.

Orders are accepted on condition that they shall be void should stock become injured by frost or other causes beyond our control. We cannot be responsible for loss caused by damage or delay in transit. If such damage occurs, it must be reported and entered immediately with your local agent of the transportation company.

**CLAIMS** for error or shortage will be gladly corrected, but we must be notified within ten days after arrival of the stock. Such claims must be backed upon an actual check of material at the time the shipment arrives, not after it has been sold or lined out.

**GUARANTEE:** Prices do not include any guarantee of growth.

**TERMS:**  30 DAYS NET Cash, security, or satisfactory references are required from unknown parties. Interest at 6% per year will be charged after maturity. Five plants furnished at the ten rate, twenty-five at the hundred rate, and two hundred and fifty at the thousand rate.

50 ACRES OF QUALITY STOCK

TAXUS—Our Taxus are heavy, sheared, specimen trees, with beautiful dark green foliage and we believe we have some of the finest upright yews in the country.

Out Stocks.

# LEGHORN'S EVERGREEN NURSERIES

Where quantity ordered is of sufficient amount, we can arrange for shipment by motor truck at reasonable rates. Our favorable location makes it advantageous for our customers to come with their trucks and take away their purchases.

You are cordially invited to call at our Nursery at any time, to inspect the material offered. We feel confident that the quality of our stock will please you. All of the items listed above can be furnished in quantities.

## A NOTE TO OUR CUSTOMERS ABOUT HOW WE GROW OUR TREES

To begin with, we grow our trees for high-class landscape work, to give the immediate effect when set out. They are grown in well-spaced rows on fertile soils. We fertilize them each year with the correct commercial fertilizer to get the best color and most compact bodies possible. The trees are all several times transplanted, giving them the chance to develop the fine, fibrous root system, so necessary to easy, safe moving. Each tree is given careful, individual attention in shearing so as to put them in the best possible balanced symmetrical shape. Weeds are eliminated and the ground kept moist by constant horse cultivation and hand hoeing. Spraying, when necessary, is done to rid the nursery of any insect pests. Thus we grow some of the best specimen stock to be found anywhere in this section of the country. When you are in the vicinity, drop in at our nursery, and let us show you our stock.
